Solving the Housing Crisis

The Minister for Housing Deputy Sam Mezec will outline his work in dealing with this thorny issue for the island.

Housing Crisis - what Housing Crisis - once infamously said at a Chamber Lunch only a few years back by a Govt. Minister. Very little chance of that being stated again by the new Housing Minister Deputy Sam Mezec. In his first speaker opportunity at a Chamber Lunch the Minister will review recent changes and give some outline of his future intentions to solve an issue that exists for both islanders and employers. A must go to event.
